The defendant admits that he gave this witness a certain sum in payment of a debt which he contracted with him and which had no reference whatever to the plaintiff and he denies that this man was asking the money on this account. He denies point blank the whole story, and as he receives \$40 per month it does seem an exceedingly unlikely story. The cironmstances of the two parties, the one receiving \$40 and the other \$7 per month make it very improbable that a man in plaintiff's position would give such a sum. The following report on the Junk Trade for 1891 was laid on the table of the Legislative Council on Friday :---

Serious trouble has broken out at one of the mission stations in the neighbourhood of Wanchow. Only a week before the troubles began the popular feeling in favour of Christianity was most encouraging. During the visit of the Rev. W. E. Soothill nearly a thousand people assembled to hear the preaching. On the 14th inst., however, some of the villagers came down in haste to Wenchow to report that while holding the usual Christian service about 70 of the more disaffected among them had come to the chapel and smashed up lamps, furniture, and everything they could lay hands ou. The hymn books and Testaments were taken out and burned and the Christians were brutally attacked, one being kicked most severely and loft senseless on the

On the 15th instant further personations were reported. The two leading men of the village led their adherents out again and this time overv Christian house was despoiled. Only four were injured the previous day. The inmates were driven out, young and old, and the doors closed and sealed up. Repares (New) \$520 Benares (Old) THIS WILL SETTLE THE QUESTION. "I don't believe there is a word of truth in it." That's the way certain foolish people talk when they hear of anything ninesual, or outside

the limits of their own observation or experi-

ence. They are of the sort who laughed at

Stephenson when he introduced the railway, and

at Morse when he said that we could communi-

cate by means of electricity. Yet they don't laugh at those things now. They make use of them daily. Some months ago the case of Mrs. Mary Cuddy was first published. The great public socepted the facts, as they had every reason to do. Others, a very few (professional men perhaps) pretended to doubt, and sent emissaries to inquire of the lady berself whether her allegations had not been added to, or altered, for the sake

of popular effect. -Here is her answer! She repeats what she at first said and puts a quietus on all who called her words in question. It will be observed that her statement is as plain and solemn as language can make it.

I, Mary Cuddy, of 28, Catherine Street, Richmond Road, Leeds, do solemnly and sincerely declare as follows:--Ever since I was a girl I have suffered from liness. I always had a pain both before and after eating, and never seemed able to gain and keep my strength, and felt that something was pulling me down. I had a nasty queer feeling in my stomach. Sometimes food seemed to ease it, and at other times it made me feel worse, and often I went without food, for I was afraid to eat. Commonly when food was placed before me I could not touch it, and I often fainted at the very night of it. After a while I became so weak I could scarcely stand or walk. I thought it was consumption coming on by degrees and I took all sorts of medicines to try and get relief, but it was of no use, and I got tired of taking physic, for I had lost all faith in it. My business was so urgent that I was compelled to be at work, otherwise I would have lain in bed, so weak had I become. With the weakness and loss of appotite there were other feelings and signs that were bad and alarmed me greatly Among them were these :- A yellowish colour of the skin and eyes, sometimes a cold clammy per spiration, pains and aches in the side, the chest and back, headache, a kind of wind or gas coming up into my throat and mouth that was so sour and sickening I could scarcely bear it. Once in a while I would have a strange fluttering and pelpitation that made me think my heart must be affected. My heart would thump so that I feared it would jump out of its place, and I have , had to walk about the room for two or three bours at a time, for I could not sit or lie. The pain was so severe that I have asked my husband if he could not hear my heart thumping as I walked about. I always slept badly at night. and frequently had borrible dreams, and was so melsucholy and depressed in spirits that I would sit down and cry, for I got no pleasure as time dragged wearily by. I had so little energy or strength that it was all I could do to summon courage for the labour upon which the family (at least in part) depended for support. I am a dressmaker, and it will be easily understood how hard my life was, for I didn't think it would last much longer. Not long ago (May, 1887) I made up my mind to try a medicine that is advertised and known all over the country. I mean Mother Seigel's Curative Syrup. I had no faith in it at first, for how can one believe in what one knows nothing about? I bought and tried Mother Seigel's Curative Syrup only because of its reputation.

How could so many people, I saked myself,

during all those long yours. I never 'expected being well again in this world. Seigel's Syrap sayed my life and I desire other sufferers to know of what did so much for me. I will gladly angwer inquiries. And I make this solemn declaration conscientiously believing the same to be true, by virtue

of the provisions of the Statutory Declaration Act' (Will. IV., c. 62.) (Signed) MARY CUDDY. Declared before me at Leeds, in the County of York, by the said Mary Cuddy, on Monday, the 10th day

of August, 1891.

(Signed) ALF. COOKE, Mayor of Leeds. Not a syllable fur! her is needed except to say that her ailment, indigestion and dyspepsia, burdens and saddens the lives of many other women (and men also), who will read with new hope the ontcome of Mrs. Cuddy's case, and place a confidence which no cavilling can shake in the remedy which restored to her the health and happiness that Providence designs for us all.
